

Shipping Information

Asia - Pacific

- We will ship DIY speaker kits using Air FedEx.
- Shipping price will be calculated separately for each order.
- Shipping price and method will depend on content of the kit (parcel size and weight).
- For small packages (1-2 Kg.) we will often recommend postal services as it is often the cheapest way of shipping.
- For larger packages (5 kg and up) we will often recommend FedEx shipping.

New Zealand & Indonesia:

- We cannot ship using postal service, as there is no option to value insure parcels from our stock in Poland to customers in New Zealand / Indonesia, so we will ship by FedEx only.

When you has chosen your components for the DIY speaker kit, we will calculate and add the shipping cost to the kit offer and send it by mail to you.
