

DTQWT mkIII

Designed by Troels Gravesen

“Like the TQWT and DTQWT mkII versions, these new mkIII speakers will play any kind of music.

The mkIII version is in no way a discriminative speaker leaving out certain recordings as is often the case when speakers excel in particular aspects of music reproduction”.

Can be built in three woofer configurations:

- **1 x 12” Eminence woofers per speaker**
- **2 x 10” Eminence woofers per speaker**
- **2 x 12” Eminence woofers per speaker**

Speaker Units (Drivers):

**Eminence
Deltalite II 2510 (8Ω)
Deltalite II 2512 (8Ω)
Woofers
(Not included in DIY kit)**

**Jantzen Audio
JA-8008 HMQ
Mid-woofers
(comes with DIY kit)**

**SEAS
T35C002
Tweeters
(comes with DIY kit)**

**Jantzen Audio
T35C002 Waveguide
(comes with DIY kit)**

Crossover component options (kit levels):

Level 1:

Inductors:

C-Coils
Wax Coils (foil inductors)
Air & iron core wire coils

Resistors:

Superes resistors

Capacitors:

Tweeters: Amber Z-Caps

Midrange: Alumen & Silver Z-Caps

Other: Cross Caps

Crossover component options (kit levels):

Level 2:

Inductors:

C-Coils
Wax Coils (foil inductors)
Air & iron core wire coils

Resistors:

Superes resistors

Capacitors:

Tweeters: Alumen Z-Caps

Midrange: Silver Z-Caps

Other: Cross Caps

JANTZEN AUDIO

Crossover component options (kit levels):

Level 3:

Inductors:

C-Coils
Wax Coils (foil inductors)
Air & iron core wire coils

Resistors:

Superes resistors

Capacitors:

Tweeters: Superior Z-Caps

Midrange: Superior Z-Caps

Other: Cross Caps

What else is included in the DIY kit?

Damping Materials included in the DIY kit as standard:

Damping felt
Polyester damping cloth

Accessories included in the DIY kit as standard:

Binding post terminals
PFTE insulated silver infused cables for internal wiring
Jantzen Supra cable for internal wiring
Solder tag strips
SuperFix component fastening glue
Round head wood screws

General information:

- The prices mentioned in the pricelist are excluding shipping costs
- The “closed schematic” DIY kits can only be purchased directly from Jantzen Audio
- Crossover schematics & values for the “closed” DIY kits are not sold separately
- All crossover components must be purchased
- Drivers, Hypex, damping materials and accessories are optional (some exceptions)
- We do not offer pre-assembled crossovers

Customization:

- Only the capacitors can be upgraded (when applicable)
- We do not offer to downgrade any components to a lower grade than included in the existing kit version / levels

Cabinets:

- Cabinet materials are not included
- We do not offer readymade cabinets

Build instructions include:

- A printed instruction containing, the component values list, the crossover schematic, a crossover component placement drawing and the wiring chart
