JANTZEN AUDIO

Troels Gravesen's Introduction:

Updated version of the popular Scan-Speak Discovery 3WC with improved midrange reproduction.

The smooth and extended response from the 15W/8434G00 driver facilitates seamless transition to tweeter and bass by low-order crossovers.

The performance of the Discovery drivers provides exceptional transparency, by far exceeding their favourable price point.

IMPORTANT!

Please read our sales terms to read about how the DIY kits are delivered and other important information.
