# JANTZEN AUDIO

## Troels Gravesen's Introduction:

Experience advanced technology from new Scan-Speak Ellipticor drivers.

Elliptical voice coils help reduce cone break-up and distortion.

SD Air-Circ magnet system deliver high sensitivity and fast transient response.

Due to an inherent smooth frequency response, a simple crossover can be used to mate these two drivers to deliver the very best from your record collection.

### **IMPORTANT!**

**Please read our sales terms to read about how the DIY kits are delivered and other important information.**
