# Binding Posts – Satin Nickel Finish

Product index: 012-0190

For some of the DIY kits we already include 4 pairs of binding posts for bi-amping.  
For the DIY kits where only 2 pairs of binding posts are included, you can add 2 extra pairs, if you want to do bi-amping.

**Price per pair excl. VAT: €7.00**

**For sales to the EU, we add your local VAT rate to the price mentioned above**

# Bitumen panel – 4 mm thickness

Product index: 014-0431

Used to further dampen panel resonance in cabinets (enclosures)

**Panel size:** 50 x 50 cm (0,25m<sup>2</sup>)

Sold per panel

**Price excl. VAT:** €10.00

For sales to the EU, we add your local VAT rate to the price mentioned above

## Note:

Bitumen panels are usually only needed if the cabinets are made with a thinner than 20 to 22 mm thick enclosure material

# Speaker Front Cloth - White

Product index: 014-0401

Used to make a decorative dust cover for speaker front panel

**Color:** White (RAL 9010)

**Dimensions:** 1 running meter = 100 x 184 cm (1.84 m<sup>2</sup>)

Sold per full running meter (minimum purchase is 1 running meter)

**Price excl. VAT:** €20.00

**For sales to the EU, we add your local VAT rate to the price mentioned above**

# Speaker Front Cloth - Grey

Product index: 014-0402

Used to make a decorative dust cover for speaker front panel

**Color:** Grey (RAL 7040)

**Weight:** 250 grams per running meter

**Dimensions:** 1 running meter = 100 x 175 cm (1.75 m<sup>2</sup>)

Sold per full running meter (minimum purchase is 1 running meter)

**Price excl. VAT:** €20.00

**For sales to the EU, we add your local VAT rate to the price mentioned above**

**Price excl. VAT:** €20.00

**For sales to the EU, we add your local VAT rate to the price mentioned above**

# Speaker Front Cloth - Mounting Set

Product index: 051-0120

Used to fasten the decorative dustcover to the speaker front

**The set includes:**

- 24 pegs (male)
- 24 catchers (female)

**Price excl. VAT: €5.00**

**For sales to the EU, we add your local VAT rate to the price mentioned above**

# DIY Cable Kit (approx. 3.2 meters long)

Product index: 006-0230

Used for amplifier to speaker connection

## The kit includes:

- 1 x 15 m of 006-0045 (Black PTFE, silver infused, 16 AWG cable)
- 1 x 15 m of 006-0050 (Red PTFE, silver infused, 16 AWG cable)
- 4 pairs of banana plugs (012-0130), 4 mm, gold plated

The 15 m of wires are to be cut in half.

The 7.5 m of cables are then cut in half again and braided into two cables and then finished with the banana plugs.

**This cable kit will make a stereo set of amplifier-to-speaker cables of approx. 3.2 m each.**

**Price excl. VAT: €60.00**

**For sales to the EU, we add your local VAT rate to the price mentioned above**

# DIY Cable Kit (approx. 5.2 meters long)

Product index: 006-0231

Used for amplifier to speaker connection

## The kit includes:

- 1 x 25 m of 006-0045 (Black PTFE, silver infused, 16 AWG cable)
- 1 x 25 m of 006-0050 (Red PTFE, silver infused, 16 AWG cable)
- 4 pairs of banana plugs (012-0130), 4 mm, gold plated

The 25 m of wires are to be cut in half.

The 12.5 m of cables are then cut in half again and braided into two cables and then finished with the banana plugs.

**This cable kit will make a stereo set of amplifier-to-speaker cables of approx. 5.2 m each.**

Price excl. VAT: €90.00

**For sales to the EU, we add your local VAT rate to the price mentioned above**
