

## Discovery 4

Designed by Troels Gravesen

*"The Scan-Speak Discovery series is an option for modest priced, high quality drivers and already knowing the 22W/8534G00, this was an obvious choice for the upper bass.*

*The Scan-Speak Discovery 26W/8534G00 is a really great driver for the price it appears.*

*A rigid alu cone, working pistonically up to point of crossover and not least an exceptional high mechanical Q."*

## Speaker Units (Drivers):

**Scan-Speak  
26W/8534G00  
Woofers**  
(Can be bought with DIY kit)

**Scan-Speak  
22W/8534G00  
Mid-woofers**  
(Can be bought with DIY kit)

**Scan-Speak  
18W/8535-01  
Mid-range units**  
(Can be bought with DIY kit)

**Scan-Speak  
R2604/833000  
Tweeters**  
(Can be bought with DIY kit)

# JANTZEN AUDIO

## Crossover component options (kit levels):

### Level 1:

#### Inductors:

C-Coils  
Cross Coils (foil inductors)  
Air & iron core wire coils

#### Resistors:

Superes resistors

#### Capacitors:

Tweeters: Superior Z-Caps

Midrange: Superior Z-Caps

Other: Electrolytic Caps

# JANTZEN AUDIO

## Crossover component options (kit levels):

### Level 2:

#### Inductors:

C-Coils  
Cross Coils (foil inductors)  
Air & iron core wire coils

#### Resistors:

Superes resistors

#### Capacitors:

Tweeters: Superior Z-Caps

Midrange: Superior & Standard Z-Caps

Other: Electrolytic Caps

## Crossover component options (kit levels):

### Level 3:

#### Inductors:

C-Coils  
Cross Coils (foil inductors)  
Air & iron core wire coils

#### Resistors:

Superes resistors

#### Capacitors:

Tweeters: Standard Z-Caps

Midrange: Standard Z-Caps

Other: Electrolytic Caps

## What else is included in the DIY kit?

### Damping Materials included in the DIY kit as standard:

Damping felt  
Polyester damping cloth

### Accessories included in the DIY kit as standard:

Binding post terminals  
Port tubes (bass reflex)  
PFTE insulated silver infused cables for internal wiring  
Jantzen Supra cable for internal wiring  
Solder tag strips  
Screw-in terminals  
SuperFix component fastening glue  
Round head wood screws

## General information:

- The prices mentioned in the pricelist are excluding shipping costs
- The “closed schematic” DIY kits can only be purchased directly from Jantzen Audio
- Crossover schematics & values for the “closed” DIY kits are not sold separately
- All crossover components must be purchased
- Drivers, Hypex, damping materials and accessories are optional (some exceptions)
- We do not offer pre-assembled crossovers

## **Customization:**

- Only the capacitors can be upgraded (when applicable)
- We do not offer to downgrade any components to a lower grade than included in the existing kit version / levels

## **Cabinets:**

- Cabinet materials are not included
- We do not offer readymade cabinets

## **Build instructions include:**

- A printed instruction containing, the component values list, the crossover schematic, a crossover component placement drawing and the wiring chart
